REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.

The following errors have been made:

In Claim 1, line 6, the Examiner's Amendment received with the Notice of Allowance on June 16, 2003, has not been included. The phrase --so that the synthetic double-stranded oligonucleotides are depleted of synthetic failures and the sequence fidelity of the synthetic double-stranded oligonucleotides is improved-- should be inserted between "synthetic failures" and period in Claim 1, column 19, line 64 of the issued patent.

Attached is form PTO/SB/44, which indicates the correction to be made, by reference to the column and line number in the printed patent. Because the error was made by the Patent Office, no fee is necessary. However if it is determined to be our error, the Commissioner is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-1090.

Respectfully submitted,  
SEED Intellectual Property Law Group PLLC
